Major General Arno H. Luehman, USAF
Commandant, Air War College
Maxwell Air Force Base, Alabama 36112

Dear General Luehman:

We shall be happy to comply with your request of 14 January 1966 to Admiral Raborn to provide a speaker on "The Chinese Scientific and Technological Potential."

Dr. Donald Chamberlain, our Director of Scientific Intelligence, will be glad to make the presentation on Wednesday, 13 April 1966. Dr. Chamberlain sees no objection to having the Royal Air Force and Canadian Air Force officers attend, but feels that, if they are present, it would be wise to keep the presentation at the SECRET level.

I have forwarded the curricular material and biographic form to Dr. Chamberlain. Please feel free to have your staff contact his office directly regarding appropriate administrative arrangements. Dr. Chamberlain can be reached on

STAT

We appreciate your invitation and shall continue to support the Air War College in every way possible.

Sincerely,

/s/ L. K. White

AIR WAR COLLEGE (AU)
OFFICE OF THE COMMANDANT
MAXWELL AIR FORCE BASE, ALABAMA 36112

5067

14 JAN 1966

The Honorable W. F. Raborn, Jr.
Director
Central Intelligence Agency
Washington, D. C. 20505

Dear Admiral Raborn

I should like to confirm the results of recent conversations with your staff by representatives of the Air War College and welcome your nomination of a speaker on the subject, "The Chinese Communist Scientific and Technological Potential."

This presentation is scheduled for 0830 hours on Wednesday, 13 April. The College has planned two fifty-minute lecture periods followed by one fifty-minute question period. However, this arrangement can be modified as necessary. The attached draft instruction circular will show the relationship of the lecture to the course and will provide a suggested scope for this period of instruction.

Since we like to include biographical sketches of our distinguished lecturers in the instruction circular, we would appreciate your designated speaker completing and returning the attached form.

The present Air War College class consists of four Royal Air Force and one Royal Canadian Air Force officers. All of these students have a Top Secret clearance from their own governments. However, these officers can be excluded from the presentation if the classification warrants.

Well in advance of the date of the lecture, a member of the Air War College staff will contact the speaker concerning transportation arrangements.

Thank you for your continuing support.

Sincerely

A handwritten signature in cursive script, reading "Arno H. Luehman".
